

COMPANY PROFILE

ABOUT OUR COMPANY

We are a proudly South African Level 1 BBBEE mining, industrial product and specialised service provider.

- Specialising in conveyor belts and associated structures and parts.
(Specialised field service team.)
- Supplier of specialised bolt and nuts, hand tools, abrasives and adhesives, bearings, oils and lubricants.
- Specialised engineering and associated field service work.

Our multi-faceted team is experienced in their specialised fields, supporting clients across South Africa and the rest of Africa. We provide customised solutions to meet all mining and industrial sector requirements. Our teams are committed to providing the best tailor-made solutions with world-class workmanship to our clients.

OUR VISION

To provide superior quality support and maintenance by delivering a consistently high degree of customer satisfaction, technical expertise, and timeliness – ensuring that all requirements are met with efficiency and integrity.

Our clients attest to our commitment to understand their needs and our highly skilled, dedicated workforce is passionate about delivering the best, most cost-effective solutions available.

“

"There is no passion to be found playing small – in settling for a life that is less than the one you are capable of living."

OUR SERVICES

ABRASIVES

CARBORUNDUM - We proudly bring you this abrasives supplier to meet the demands of the collision repair, metal fabrication and maintenance, repair, and operations markets. Other brands we supply; PFERD, Würth, Derekh, and Fowkes. We supply from the Mining, Industrial, Fabrication, and Manufacturing industries, to the DIY enthusiast.

ADHESIVES

Norton, Alcolin, Genkem, Pratley, Loctite, Masking tape, Insulation tape, PTFE Buff tape, and Denso tape to mention a few.

BEARINGS

We offer a full range of bearings. If required we will source bearings from the diversity of our worldwide supplier base. We are proud to supply our customers with SKF's world-class agri-bearing and industrial bearings products. We also have second-tier brands available.

OILS & LUBRICANTS

We provide high-performing lubricants to protect plant equipment, thereby helping to keep a plant running longer and more efficiently. We offer oils and lubricants for various industries including agriculture, construction, chemicals, food and beverage, cement and concrete, and industrial equipment.

OUR SERVICES

ENGINEERING AND SPECIALISED FIELD SERVICES DIVISION

With more than 25 years of experience in engineering and field service projects, Mr Jody Germishuizen is our specialist and representative.

With more than 60 professional employees as part of his resources, it is not a matter of “maybe” he can assist and resolve the problem, it is a matter of “when and how” he will resolve it.

— “ —

“**Success** is no accident. It is hard work, perseverance, learning, studying, sacrificing, and most of all, **Love** what you are doing. It will be hard work, it is hard work and hard work from everybody within the team. Let’s all strive for **Success** with the future in mind”

- 38 mm thick

PREVIOUS PROJECTS COMPLETED:

1. Sierra Leone Longitude Vacuum Belt Repair
2. Zambia New Vacuum Belt Replacement
3. Mozambique New Vacuum Belt Replacement

OUR PROJECTS

FORCHRON MINERAL PROCESSING (PTY) LTD.

We erected a brand-new spiral plant from scratch to operational in Limpopo Province of South Africa.

All bolts, nuts, and washers were supplied correctly and on time by our trusted supplier Izinga Africa Services (Pty) Ltd.

ZENGAR ENGINEERING AND FIELD SERVICE

We make use of our trusted supplier Izinga Africa Services (Pty) Ltd. on a day-to-day basis to supply us with our specialised bolts, nuts, and washer requirements.

OUR PROJECTS

Izinga Africa Services (Pty) Ltd. has completed many successful projects.

We have recently completed a rebuild of a stacker reclaimed. In this specific project, our team consisted of 25 members in total, who worked on-site to complete the project in 50 days.

We have completed this project proudly without any injuries or complaints from the customer.
